## Trailing Suction Hopper Dredger

Hopper capacity	3,500 m <sup>3</sup>
Deadweight	5,500 t
Length o.a.	89.3 m
Breadth	22 m
Draught loaded	5.7 m
Maximum dredging depth	27.6 m
Suction pipe diameter	800 mm
Pump power (trailing)	1,250 kW
Pump power (discharging)	3,000 kW
Propulsion power	2 x 1,100 kW
Total installed diesel power	5,510 kW
Speed	11.3 kn
Accommodation	16
Built in	2018

ULE<sup>+</sup>  
ULTRA-LOW EMISSION

With our 'newbuild' vessels, we have decided to take a new greener approach: new vessels will be fitted with a state-of-the-art filter system. A filter system that processes exhaust gases and prevents nanoparticle emissions. Our Ultra-Low Emission vessels are recognizable by the blue funnel
