

Date	28/08/2013	04/09/2013
Revision	00	01
Comments	Start	Cancellation of energy atoll initiative (not yet definitive)

Description	<p>Jan De Nul is an active member of the European Dredging Association (EuDA), which represents the dredging industry at European level.</p> <p>For the dredging industry, the EuDA is the platform for contacting the European Commission regarding environmental matters, including the reduction of CO₂.</p>
Initiator	EuDA (European Dredging Association)
Participants (members)	<ul style="list-style-type: none"> • Dredging International N.V. • Jan De Nul N.V. • Baggerwerken Decloedt en Zoon N.V. • Fédération du Dragage Belge A.S.B.L. • Rohde Nielsen s/a • Vereinigung der Nassbaggerunternehmen E.V. • Josef Möbius Bau-GmbH • Detlef Hegemann GmbH (Nassbaggerei) • BMAPA - British Marine Aggregate Producers Association • Irish Dredging Company • SIDRA - Societa Italiana Dragaggi SpA • Baggerbedrijf De Boer B.V. / Dutch Dredging B.V. • Mr Cees J. van de Graaf • Royal Boskalis Westminster N.V. • Van den Herik B.V. • Van der Kamp International Dredging B.V. • Van Oord N.V. • Dutch Association of Hydraulic Engineers

Description	<p>Jan De Nul is an active member of the Central Dredging Association (CEDA). The CEDA is a non-governmental organisation whose activities include giving unbiased expert advice to aid relevant policy decision-making at both national and international level.</p> <p>Jan De Nul actively participates in the association's meetings in both Belgium and the Netherlands, allowing our organisation to remain informed about all CO₂-related issues communicated within this association.</p> <p>The report entitled "Climate change adaptation as it affects the dredging community" was published by the CEDA in late 2012, thanks also to the cooperation and contributions of Jan De Nul NV.</p> <p>It is a document about climate change aimed at raising awareness and preparing the dredging industry for the effects of climate change. As a result, it enables one to understand how dredging can help by taking appropriate action.</p>
Initiator	CEDA (Central Dredging Association).
