

Certificate of Approval

This is to certify that the Management System of:

Jan De Nul Group (Sofidra S.A.)

34-36, Parc d'Activités Capellen, 8308 Capellen, Luxembourg

has been approved by LRQA to the following standards:

ISO 14001:2015 | ISO 9001:2015 | OHSAS 18001:2007

P.G. Cornelissen - Area Manager North Europe

Issued by: Lloyd's Register EMEA

for and on behalf of: Lloyd's Register Quality Assurance Limited

This certificate is valid only in association with the certificate schedule bearing the same number on which the locations applicable to this approval are listed.

Current issue date: 6 December 2018
Expiry date: 4 February 2020
Certificate identity number: 10161981

Original approval(s):
ISO 14001 – 5 February 2014
ISO 9001 – 5 February 2014
OHSAS 18001 – 5 February 2014

Approval number(s): ISO 14001 – 0016732 / ISO 9001 – 0016733 / OHSAS 18001 – 0016734

The scope of approval is shown on the next page and bears the same certificate identity number

001

Certificate of Approval

The scope of this approval is applicable to:

ISO 14001:2015

Design, engineering, development, procurement, construction, installation and/or maintenance activities related to projects of civil and hydraulic engineering, public and port infrastructure, water-, silt- and soil treatment plants, environmental works, foundation works, dredging and land reclamation and offshore services for the oil, gas and renewable energy markets, heavy lift and salvage works.

ISO 9001:2015

Design, engineering, development, procurement, construction, installation and/or maintenance activities related to projects of civil and hydraulic engineering, public and port infrastructure, water-, silt- and soil treatment plants, environmental works, foundation works, dredging and land reclamation and offshore services for the oil, gas and renewable energy markets, heavy lift and salvage works.

OHSAS 18001:2007

Design, engineering, development, procurement, construction, installation and/or maintenance activities related to projects of civil and hydraulic engineering, public and port infrastructure, water-, silt- and soil treatment plants, environmental works, foundation works, dredging and land reclamation and offshore services for the oil, gas and renewable energy markets, heavy lift and salvage works.
